

ReLook Prompt Cheat Sheet

Sydney Events

EVENTS DEPT

SYDNEY

Proven prompt patterns for Sydney event visualization — from Randwick to the Harbour. Copy these, swap the specifics, and generate. Platform: relook.hthsystems.com.au

Colour & Sponsor Branding

UMBRELLA / FURNITURE SWAP

"Change all umbrellas to **[colour]** and match the table cloths"

Works for: parasols, chair cushions, bar stools, ottomans — used for Randwick racing carnival

SPONSOR REBRAND

"Replace all signage and branding with **[brand name]** in their brand colours **[colour 1]** and **[colour 2]**"

Upload a logo image as reference 2 for best results — great for pitch pivots

FULL COLOUR SCHEME

"Change the entire colour palette to **[colour]** and **[colour]**, including furniture, draping, and accents"

Show a client 3 colourway options from the same venue shot in minutes

STRUCTURE / MARQUEE RE-SKIN

"Change the marquee exterior from **[current colour / material]** to **[new brand colour / white stretch]**"

Works on: pavilion exteriors, marquee covers, temporary walls, fencing wraps

Atmosphere & Time of Day

GOLDEN HOUR / SUNSET

"Show this venue at **golden hour** with a dramatic sunset sky and warm ambient lighting"

Turns a flat Randwick or Homebush site visit into a stunning evening pitch

NIGHT EVENT

"Convert to **nighttime** with festoon lighting, warm uplights on the structure, and a twilight sky"

Add "Sydney Harbour Bridge glow in the distance" for outdoor harbour events

WEATHER / MOOD

"Show this with **bright blue Sydney summer sky**, sharp shadows, and a vibrant outdoor atmosphere"

NSW summer light is crisp — emphasise it for racing and tennis events

SEASON / OCCASION

"Show this venue in **spring racing colours** — warm afternoon light, floral accents, and a dressed crowd atmosphere"

Useful for Everest, Flight Stakes, Golden Rose at Randwick pitch decks

Layout & Furniture Changes

FURNITURE SWAP (MULTI-REF)

ADD EVENT ELEMENTS

"Replace the **[chairs / tables / stools]** with the ones shown in **reference image 2**"

Upload a Folio product photo as reference — verified HTH stock placed directly into the scene

"Add a **[bar area / DJ booth / stage / picnic area]** to the **[left / right / back / foreground]** of the space"

Be specific about placement and scale for best results — reference a Folio item if possible

DRESS THE VENUE

"Add **round banquet tables with white linen, floral centrepieces, and bentwood chairs** to fill the space"

Best for: empty venue → dressed gala transformation — works great for ICC Sydney ballroom shots

REMOVE CLUTTER

"Remove the **[scaffolding / barriers / equipment / security fencing]** and show a clean finished setup"

Clean up pre-event site photos for client-facing presentations

Sydney Venue Context — Quick Tricks

HARBOUR / WATER VIEWS

"Add a **Sydney Harbour backdrop with the Bridge and Opera House** visible in the background at dusk"

Powerful for outdoor waterfront event pitches — use inpainting to preserve the foreground

RACING CARNIVAL CROWD

"Add a well-dressed crowd in **spring racing attire — hats, fascinators, suit jackets** — interacting naturally with the space"

Used for Everest and Randwick racing carnival client renders

TENNIS VENUE SETUP

"Show this outdoor entertainment area **dressed for a premium tennis hospitality event** — white and green palette, sponsor signage, tiered seating in background"

Refs: HTH United Tennis Sydney — court-side hospitality setups

CORPORATE OUTDOOR TERRACE

"Show this terrace dressed as a **corporate cocktail event at sunset** — high tables, bar service, city skyline backdrop"

Works for Darling Harbour, Barangaroo, and SMC Conference Centre pitches

Power Tips

- 1 Use "Enhancer Ready"** — it auto-expands your prompt with professional photography terms. Your 5-word prompt becomes a 50-word masterpiece.
- 2 Multi-reference is your friend.** Upload the venue photo + the HTH product photo you want placed in it. Up to 5 references total.
- 3 Iterate, don't start over.** If V1 is 80% right, refine with a follow-up prompt. Don't re-upload and start from scratch — each version builds on the last.
- 4 Use Premium 2K** for anything going into a client deck or proposal. Use Fast model for quick internal exploration.
- 5 Be specific about what stays.** "Change the umbrellas to navy but keep everything else
- 6 Studio Enhanced** adds professional camera angles and composition. Great for hero shots

the same" prevents unwanted changes across the — skip it if you need the exact original framing.
scene.
